## Report of the R&D Cell (Session 2024-25)

In the institution, Research & Development cell is fully functional and promoting staff and students for research activities in different courses. The cell is encouraging faculty and students to undertake research activities, publish papers in reputed journals, participate in conferences and develop innovative projects. The college has extended necessary infrastructure and administrative support, including access to laboratories, digital resources and library facilities for research scholars. In the college around six Assistant/Associate/ Professors are engaged in supervising nine Research scholars in different departments. A number of students of UG and PG courses have completed their projects during session 2024-25. During the session 2024-25, two workshops (69 Participants) were conducted (08/10/24 to 10/10/24 & 24/02/25 to 25/02/25) on e-governance & in information technology and RTI, respectively.

Dr. Ranjeet Singh
